NOTICE OF MOTION

6. PROTECTION OF WILDLIFE POLICY
- Committee Coordinator's report dated 14 Mar 2000 39
- Councillor Alex Munter's Motion tabled at Planning and Environment Committee meeting of 22 Feb 2000 for discussion at Committee meeting of 28 Mar 2000

Moved by A. Munter

WHEREAS larger-scale development in suburban and other outlying communities often displaces wildlife; and

WHEREAS it is consistent with the Regional Official Plan's "design with nature" provisions to consider such impacts as part of the development process; and

WHEREAS it is inevitable that construction will occur on lands designated and approved for development, thus requiring some planning for how such construction can be made to be as least-disruptive as possible;

BE IT RESOLVED THAT regional planning staff be directed to consult with stakeholders such as the Ottawa-Carleton Homebuilders Association and the Ottawa-Carleton Wildlife Centre on a protocol to be included in the development/subdivision approval process to minimize needless injury and death of wildlife; and

FURTHER THAT staff report back within 90 days on a proposed policy.
