Executive Report

Reasons Behind Recommendation

In light of the Mayor's resignation from office prior to the end of the current term, it is appropriate to deal with this matter.

Section 13 of the employment agreement states that the employee "shall be entitled to receive severance pay in the situation where the Mayor ... retires from office". The severance pay is an amount that is equal to one month's remuneration for each continuous person year of service as an employee up to an amount equivalent to six months remuneration.

This section would give the employee the option of claiming his or her severance payment at the time of the Mayor's resignation or alternatively electing to continue in employment under the new or acting Mayor. The employment agreement does not contemplate the combined scenario of the Mayor's resignation and a "transition year". To avoid any dispute over the entitlement to a severance at the end of the term and to preserve continuity in the Office of the Mayor, it is considered expedient to confirm the entitlement of a severance payment for those employees who choose to continue in employment until the end of the term and are not re-hired by the Mayor or a member of the Council of the new City of Ottawa.

In accordance with the Transition Board Human Resources Guidelines, approval of the Board is not required.

Disposition

Mayor Jim Watson
City of Ottawa
111 Sussex Drive
Ottawa, ON K1N 5A1

Dear Mayor Watson:

I am writing, on behalf of the Nepean Committee Against Impaired Driving, to ask your Council's support for the concept, in the attached motion, regarding the formation of a committee on impaired driving. This committee would serve the new City of Ottawa, with funding from the new city. This motion was unanimously supported by Nepean Council at our regular Council meeting, on June 15th. We would ask that your Council consider endorsing this motion to enable the formation of an expanded impaired driving committee.

Nepean Committee Against Impaired driving is the only one of its kind in Ottawa-Carleton. It is a volunteer, community based group, with a mandate to change attitudes regarding the **crime of drunk driving**. Our Committee has been looking, for a long time, at extending its scope and making it an organization that would encompass and serve our total Region. With amalgamation underway, in Ottawa-Carleton, we believe this is the right time for the Committee to expand.

Nepean has been funding our committee with a \$3,000. yearly grant, and we always do some small fund raising and receive donations from various community groups. If our motion receives support, from the municipalities, we will be asking the Transition Board to recommend that the new city recognize and fund the new committee. A yearly grant of \$10,000. to \$12,000. for an expanded committee should be adequate to pursue our mandate and goals.

Enclosed is a grant application which will give you an overview of the projects and accomplishments of our Committee, over the past few years. I might add, we received the \$7,500. grant we were seeking in this application. The City of Nepean and the Nepean Kiwanis have matched this grant, and we are expecting more community dollars to come forward in the next couple of weeks. We plan to have a video for grades 4 to 6 in some of our schools by fall. This project could be expanded, in the new city, if our Committee becomes a new city wide body. This is a large project and we feel the results are going to be rewarding, and that we will be very proud of our initiative.

We certainly hope your Council will be able to support our motion. We believe that changing attitudes, **about the crime of drunk driving, saves lives.**

If you support the motion, would you please supply us with a copy so I can forward it to the Transition Board.

Thank you so much for giving our request your consideration.

CITY COUNCIL RESOLUTION - JUNE 15, 2000

MOTION NUMBER 103-2000

Moved by Councillor Rywak

Seconded by Councillor Phillips

WHEREAS, the Nepean Committee Against Impaired Driving is the only community based, volunteer organization of its kind in Ottawa-Carleton, with a mandate to draw awareness to the dangers and tragedies associated with **the crime of drunk driving**;

AND WHEREAS, as a result of the amalgamation of area municipalities, the members of the Nepean Committee Against Impaired Driving wish to expand the Committee in order that it will provide a similar mandate to the new City of Ottawa, including an appropriate committee name change;

AND WHEREAS, the Council of the City of Nepean has always funded the Nepean Committee Against Impaired Driving, with further funds and donations coming from the community;

BE IT RESOLVED THAT the Council of the City of Nepean supports the expansion of the Nepean Committee Against Impaired Driving to serve the new City of Ottawa and that all area municipalities and the region be requested to endorse this concept;

AND BE IT FURTHER RESOLVED THAT the Transition Board be requested to endorse this proposal including a recommendation to the new City of Ottawa Council to include funding for a new expanded Committee.

Dear Sir or Madam:

The Nepean Committee Against Impaired Driving is a community based, volunteer, organization. It is made up of 14 members, and I have attached a list of their backgrounds or expertise (attachment # 1).

Our mandate is to bring awareness to our citizens, and instill that *drinking and driving* is a crime and can result in severe injury or death.

We are well received within the community and receive much praise for our efforts. No tool exists to measure how effective our projects have been. We do feel, however, that we are making a difference.

Our new project, if funded, would help to develop an attitude, towards *drinking and driving*, at a young age. Hopefully, this attitude would be with these students when they reach driving age. In the meantime, we would hope that they would promote this way of thinking among their elders - parents, relatives and friends.

Our community members are a dedicated group, and with an R.S.V.P. grant, could see some of their ideas put into action.

We wish to thank you for the opportunity to make this application.

Very truly yours,

Margaret Rywak, Chair

The Project . . . DeeThree Rangers

We believe that an educational approach, at an elementary level of age 8 to 13, is the proper focus of influence. It is one age group that can have a pressure sway on their elders (parents, relatives, etc.) in order to enforce a no drinking/driving regime around their own particular environments. We suggest creating an imaginary group called the **DeeThree Rangers (Don't Drink and Drive)** that would come complete with super-hero type personalities to preach the gospel against drinking and driving and all the other auxiliary points, i.e. designate a driver, etc. It would be a coordinated campaign, featuring several elements, for example:

1. Three out of five junior grade students (grades 4 to 6) have access to the Internet. If funds permit, we suggest developing a website. The website address would be www.deethreerangers.com. It would feature the super-hero type personalities giving information about drinking and driving and how they can influence the proposition around the home.
2. Give a ruler to each junior grade student (grades 4 to 6). On one side, we would have it just like a normal ruler with the **Nepean Committee Against Impaired Driving** logo. On the other side, we would have the phrase **Don't Drink and Drive - That's the Rule - DeeThree Rangers**. The rulers would be plastic and of different colours.
3. To produce an upbeat/rap type video featuring the **DeeThree Rangers** super-heroes as cartoon or puppet figures. This video would run about 5 to 7 minutes. Every school with junior classes would receive a copy of the video.
4. If time and funds permit, a separate puppet show could be produced for live audiences, that could be taken around to schools, produced by drama students at secondary schools.
5. As a real identification with the **DeeThree Rangers** intent, spiffy looking buttons could be produced, to be given out to the students to wear as their buy-into the program. Make it an **IN** thing.

Public Awareness:

Articles in the two local weeklies would be used to make the general public aware of this project. Of course, our source of revenue, for the project, would be prominently featured in any articles.

A pamphlet giving an outline of the project would be sent home with each student who views the video. Again, the R.S.V.P. Program would receive credit.

Sign of the times – new drinking and driving message for teens

MEGHAN CROSS
NEPEAN THIS WEEK

It sat, glowing its message, in the front lobby of St. Paul High School in Nepean before moving on to another school in the city, to illuminate a new group of students.

After two years, the Nepean Committee Against Impaired Driving has changed its sign to bring a new message to youth and will be sent to five Nepean high schools in eight weeks.

Right at graduation time and prom night parties, the sign warns students not to drink and drive in a sharp, clear message, with a long list of community supporters listed on one side.

The Barrhaven Lions Club, Greater Nepean Chamber of Commerce, Kiwanis Club of Nepean, Nepean Lions Club, Optimist Club of Nepean, Royal Canadian Legion Branch 593, along with the Nepean Committee Against Drunk Drivers, the city, and B&G signs all sponsored the sign.

"We have just started our own group here of

The newly changed Nepean Committee Against Impaired Driving sign will be in schools across the City of Nepean.

students against drunk driving and we are trying to raise awareness so when the (committee) phoned us about the sign, it was perfect timing," says Margaret Imbleau, guidance counsellor at St. Paul.

"We are also having a speaker coming in to talk with our 120 graduates about smart party planning before the prom."

The sign will also be making a visit to Confederation, Merivale, Bell and Sir

Robert Borden before the students celebrate their graduations.

"It's trendy and cool and just right to send a warning message to all drivers," says chair of the Nepean Committee Against Impaired Driving, councillor Margaret Rywak, in a press release.

"The illuminated medium and a simple, unmistakable message can't help but be noticed."
