2. Heritage Alteration - 30 James Street

Transformation d'un bâtiment historique - 30, rue James

Recommendation

That approval be given to alter the property at 30 James Street in accordance with the plans by W.G. Mohaupt Architect Inc., received on March 17, 2000.

(Note: The approval to alter must not be construed to meet the requirements for the issuance of a Building Permit.)

Executive Report

Reasons Behind Recommendation

The building located at 30 James Street is designated under Part V of the Ontario Heritage Act as part of the Centretown Heritage Conservation District through by-law 269-97. It was rated as a Category 2 building and dates from approximately 1890. The proposed alterations will change the existing duplex to a semi-detached house. They include an addition to the west side of the building above an existing garage and one- and two-storey additions as well as a carport on the east side with a deck above.

The Department of Urban Planning and Public Works supports the proposed alteration as it unifies the existing multiple additions and brings them to the same height as the original two-and-one-half, hipped-roof building.

The addition would be in general conformance with the guideline of the 1997 Centretown Heritage Conservation District Study by Julian Smith and Associates which states :

“Where new additions or alterations are introduced, they should be of sympathetic contemporary design, distinguishable from the original but compatible in form and detail. They should not detract from or overpower the original.”

Consultation

Adjacent property owners and tenants, as well as local community associations, were notified by letter of the date of the LACAC meeting and the Planning and Economic Development Committee meeting and were provided with comment forms to be returned to LACAC. This is in accordance with City Council’s public participation policy regarding alterations to designated heritage buildings (PDD/PPP/N&C #9).

The Ward Councillor Elisabeth Arnold is aware of this application.

Disposition

The Department of Corporate Services, Statutory Services Branch to notify the owner (James Ferris, Suite 2, 2020A Scott Street, Ottawa, Ontario K1Z 6T1) and the agent (W.G. Mohaupt Architect Inc., Suite 301, 311 Richmond Road, Ottawa, Ontario K1Z 6X3) and the Ontario Heritage Foundation (10 Adelaide Street, 3rd floor, Toronto, Ontario M5C 1J3) of City Council's consent to alter 30 James Street.

Executive Report

Reasons Behind Recommendation

The vacant site at 358 Cooper Street is located within the Centretown Heritage Conservation District which is designated under Part V of the Ontario Heritage Act (OHA) through by-law 269-97. New construction in a district requires the approval of City Council following consultation with the City of Ottawa Local Architectural Conservation Advisory Committee (LACAC).

The proposal involves the construction of a seven-storey, thirty-nine unit, condominium apartment building on the site of an existing surface parking lot. The existing building at 356 Cooper Street is currently used as the sales office for the proposed apartment building and will be retained and rehabilitated as part of this project. The apartment building will be faced with a stone veneer on the bottom storey. Upper floors will be faced with brick and stucco in character with other building materials evident on the street. The upper floors on the north east corner of the building will be stepped back slightly to create a transition to the lower buildings on the east. Drawings are included with this report as Documents 3,4,5.

The proposal is recommended for approval because the applicant has attempted to blend this new building into a streetscape of smaller buildings by retaining the existing building at 356 Cooper, stepping the corner of the proposed apartment building and using building materials that will be compatible with other buildings on the street. Although the height of the proposed building is greater than others on the street, seven storeys is permitted for this site under the existing zoning.

Consultation

Adjacent property owners and tenants, as well as local community associations, were notified by letter of the date of the LACAC meeting and the Planning and Economic Development Committee meeting and were provided with comment sheets to be returned to LACAC. This is in accordance with City Council's public participation policy regarding heritage alterations

(PDD/PPP/N&C #9).

The Ward Councillor, Elisabeth Arnold, is aware of this application.

Disposition

The Department of Corporate Services, Statutory Services Branch to notify the owner (Domicile Developments, Ste.1, 371A Richmond Road, Ottawa, Ont. K2A OE7) and the agent (W.G. Mohaupt Architect Inc., Ste. 301, 311 Richmond Road, Ottawa, Ont. K1Z 6X3) and the Ontario Heritage Foundation (10 Adelaide Street East, 3rd floor, Toronto, Ontario M5C 1J3) of City Council's consent to permit new construction at 358 Cooper Street.

4. Heritage Alteration - 453 Laurier Avenue East

Transformation d'un bâtiment historique - 453 Laurier Avenue East

Recommendation

That approval be given to alter the property at 453 Laurier Avenue East in accordance with the plans by Kurt Storm Ltd. in association with Temprano, Young and Ward Architects Inc. as received on March 24, 2000.

(Note: The approval to alter must not be construed to meet the requirements for the issuance of a Building Permit.)

Executive Report

Reasons Behind Recommendation

The building at 453 Laurier Avenue East is designated under Part V of the Ontario Heritage Act as part of the Laurier Avenue Heritage Conservation District through by-law 307-82.

The house was originally constructed in 1877 for lumber baron John Mather. The appearance of the building at that time partly resembled Laurier House at the corner of Laurier and Chapel. In 1922, architect W.E. Noffke added to the building and transformed its overall appearance into a Tudor Revival manor for mining tycoon J. Ambrose O'Brien. Until recently, the building was occupied by Le Cercle universitaire D'Ottawa, a private club. The new owner is Le Cordon Bleu Ottawa Culinary Arts Institute.

The proposed addition at the north east corner of the building is required in order to accommodate a teaching kitchen together with required roof-top ventilation equipment which cannot be located on the existing building for structural reasons. The addition would be linked to the original building by a glass vestibule at grade providing an easily distinguishable bridge between the older building and the addition.

The proposed alteration is supported because it is respectful of the design and setting of the existing building as well as views of that building from Strathcona Park.

Consultation

Adjacent property owners, tenants as well as local community associations were notified by letter of the date of the LACAC meeting and the Planning and Economic Development Committee meeting and were provided with comment forms to be returned to LACAC. This is in accordance with City Council's public participation policy regarding alterations to designated heritage buildings (PDD/PPP/N&c #9).

The Ward Councillor Stéphane Emard-Chabot supports this application.

Disposition

The Department of Corporate Services, Statutory Services Branch to notify the owner (Eleanors Cuisine Francaise Inc./ Le Cordon Bleu Ottawa Culinary Arts Institute, 453 Laurier Avenue East, Ottawa, Ont., K1N 6R4), the agents (Kurt Storm Ltd., Unit #8, 2596 Edinburgh Place, Ottawa, Ont., K1B 5M1 and Temprano, Young & Ward Architects, Ste.203, 280 Metcalfe Street Ottawa, Ont., K2P 1R7) and the Ontario Heritage Foundation (10 Adelaide Street East, 3rd floor, Toronto, Ontario M5C 1J3) of City Council's consent to alter 453 Laurier Avenue East.

LALAC

Dear Sirs/Madam:

I would like your organization to try to save 'The Ottawa Grace Hospital' on Wellington St. In Ottawa as a Heritage building.

I was born at the Grace Hospital on April 9/55 as well as my brother in May 1956. As a resident of Ottawa and a baby born at the Grace, it would be an awful shame to lose such a landmark. Many people have been born at the Grace Hospital as well I believe it was built in 1922.

You can contact me at (613) 231-6722.

Yours Sincerely

Original Signed By Sue Clark (SUE CLARK)

Dear Ms. Corbin:

Thank you for your letter of March 9, 2000, and for your invitation for a presentation at the next Local Architectural Conservation Advisory Committee (LACAC) meeting of April 4, 2000.

Unfortunately, I will not be available to attend your meeting. We are preparing the Core Area Concept Plan and related material for public consultations that will take place on April 11 and 12, 2000 in Ottawa and Hull. Should you wish to invite the National Capital Commission to one of your subsequent meetings, please communicate with François Lapointe, Director of Planning, at 239-5579.

We welcome your active participation in further discussions about planning the Core Area of Canada's Capital Region.

Yours sincerely,

Marcel Beaudry
