FROM/EXP.                        Co-ordinator, 9-1-1 Management Board

SUBJECT/OBJET                 **CIVIC ADDRESSING - UPDATE**

---

**REPORT RECOMMENDATION**

**That the 9-1-1 Management Board receive this report for information.**

**BACKGROUND**

On 23 February 2000, Regional Council approved the following recommendations of the Corporate Services and Economic Development Committee with respect to the issue of civic addressing:

1. That Council receive the draft report of the Sub-committee on Civic Addressing and that a public consultation program be undertaken by the Planning Department on civic addressing, including the issues identified by the Sub-committee.
2. That Council convey a strong message to the Transition Board of the importance and urgency of resolving the issue of civic addressing, particularly in view of the municipal restructuring effective 1 January 2001 and that the Transition Board order the various planning departments to begin the process of resolving the identified problems, including the duplication of street names.

*The Regional Clerk sent a letter to the Chair of the Ottawa Transition Board dated 8 March 2000, conveying the above message from the 9-1-1 Management Board. As a result, the Transition Board sent letters to those municipalities whose street names are duplicated within their own municipality. The Board Chair also sent letters to the Clerks of those municipalities conveying the importance and urgency of addressing this issue.*

3. Approve that this report be circulated to local area municipalities for information.
4. Approve that a comprehensive by-law be drafted and enacted to deal with the issue of civic addressing, including street names, street numbering and discontinuous street names.

To this end, Don Brousseau, Project Leader, Naming and Numbering Charter with the Ottawa Transition Board, will be available to answer questions.
