DEPARTMENTAL RECOMMENDATIONS

That Planning and Environment Committee approve the following action:

- 1. Recommend to the Corporate Services and Development Committee the acquisition of the west one-half of Lot 23, Concession 7, former Township of Marlborough, now Township of Rideau from Danusia Strumillo-Orleanowicz as an addition to the Marlborough Forest for a consideration of \$30,375.00;**
- 2. Planning and Development Approvals Department make application to the Ministry of Natural Resources for subsidy and to approve the addition of these lands to the Management Agreement;**
- 3. Upon receipt of approval of the Ministry of Natural Resources, the Marlborough Forest addition be brought to Council for confirmation and a by-law adding land to the Management Agreement be submitted for adoption.**

BACKGROUND

Regional Council in its approval of the RMOC Official Plan, authorized the acquisition of certain properties designated as Natural Environment Area.

The subject property is described as being the west one-half of Lot 23, Concession 7, former Township of Marlborough now Township of Rideau and comprises of approximately 100 acres, as shown on the attached sketch. The sketch includes other lands that the Region has previously acquired in this area. The property fronts onto an unimproved open road allowance which provides limited access to the area. The property is zoned A2-General/Rural. The land consists of 80% "General Forestry", 10% "Modified Forest" and 10% "Classified Wetland" as designated by the Ministry of Natural Resources. There are no improvements on the property. The acquisition represents all of the vendor's holding.

The estimated market value of the property is \$30,000.00. This represents a unit price of \$300 per acre. An agreement has been reached in the amount of \$30,375.00. This figure includes an amount of \$375.00 for legal fees.

CONSULTATION

In the 1960's, governments recognized that Marlborough Township was an area where forestry and recreation were major land uses. A program was launched to acquire lands to preserve them for recreation and conservation purposes. The Region inherited a Forest Management Agreement from the County of Carleton and through the years have drafted various long-range plans, with a broad range of public input, to meet the objectives and resolve any conflicts between different user groups. Through amendments to the Official Plan process, the public has been consulted by holding open public forums as well as having regular meetings with special interest groups.

EXPENDITURE JUSTIFICATION

The RMOC, in adopting its Official Plan, indicated that it was prepared to acquire land in a designated Natural Environment Area, if the land owner wished to sell. It further determined that in the event that an agreement could not be reached for the acquisition, the land owner could request that the property be acquired by expropriation in accordance with the provisions of the Ontario Expropriations Act.

Should Council not agree to proceed with the acquisition of this property at this time, the land owner could apply to the Ontario Municipal Board for adjudication. It is anticipated that the cost to proceed on that basis would far exceed the negotiated settlement.
