### **REPORT RECOMMENDATION**

**For discussion purposes.**

#### **BACKGROUND**

On 4 February 1998, the Transportation Committee received an item entitled "Sustainable Transportation" as Information Previously Distributed. At that time, the Committee agreed to include the report on an upcoming agenda.

To this end, copies of the document entitled: "State of the Debate: The Road to Sustainable Transportation in Canada" were distributed in advance to all committee members.

#### INTRODUCTION

The National Round Table on the Environment and the Economy (NRTEE) has published “The Road to Sustainable Transportation in Canada”. The efforts by Council and staff of RMOC are prominently featured in this document. This publication is available in the Corporate Resource Centre, located on the first floor of the Heritage Building.

#### BACKGROUND

Regional staff, namely M.J.E. Sheflin, G. Noxon and R. Philips, participated in the multistakeholder workshops that led to this publication.

Council too often takes for granted its leading edge efforts in its approach to transportation and quality of life.

It is time to recognize this accomplishment which belongs to all our citizens.
