**REPORT RECOMMENDATION:**

**That Community Protective Services Committee recommend that Council enact the amendments to the Parks and Facilities By-law, attached as Document 1, to prohibit the smoking of water-pipes and non-tobacco products on outdoor municipal property including all City parks, beaches and facilities.**

Rick O’Connor, City Clerk and Solicitor gave a brief summary of the report and what lead up to this recommendation. On February 22, 2012, Council directed staff to review the Parks and Facilities By-Law and to report back on the appropriate methods to prohibit lighted water-pipes and similar smoking implements at all City parks, beaches and facilities, including administrative buildings.

Following the presentation Councillors questioned Mr. O’Connor regarding various issues on the proposed amendment to the By-law and possibly going

further in the future. They also thanked staff and Councillor El-Chantiry for moving on this subject.

The Committee then heard from the following delegations:

- 1) Tyler Ward - Non-Smokers' Rights Association
- 2) Carmela Graziani and Suzanne Friedlaender, Ottawa Council on Smoking and Health

The delegations were in favour of the staff recommendations but would like to see the By-law include private locations and seek changes to the federal Tobacco Act and the Smoke-Free Ontario Act to ban water pipe smoking inside public places and workplaces. Both delegations provided written comments or presentations which are held on file with the City Clerk's office.

The report recommendations were then put to Committee and CARRIED as presented.

## INQUIRIES

Councillor M. Fleury

- 1) Considering the fact that the University of Ottawa has agreed to provide the city of approximately 10,000 hours at the new sports field at 200 Lees Avenue for community use, could staff please provide a concrete and detailed plan of how those hours are going to benefit the community and the city?
- 2) What were the original timelines for the Parks and Recreation Master Plan? What was the cause of the delay? What will done to ensure that we are able to make the 2015 deadline and provide an integrated Parks and Recreation Master Plan that responds to the needs of our community and City?
