The image shows a detailed map of the Stonehenge area. The map includes the following features and labels:

- Stonehenge:** The central feature, a complex stone circle.
- Avebury:** A large stone circle located to the west of Stonehenge.
- Silbury Hill:** A large artificial mound located to the south of Stonehenge.
- West Kennet Avenue:** A long line of standing stones extending from Avebury towards Stonehenge.
- Long Barrow:** A large stone structure near the Avenue.
- Neolithic Cist:** A small stone structure near the Avenue.
- Chisbury:** A town located to the north of the stone circles.
- Wessex Way:** A path or road running through the area.
- Stoney Lane:** A lane leading to the stone circles.
- Wilton Road:** A road to the east of the stone circles.
- Wiltshire Canal:** A canal system in the area.
- Wessex Ring:** A circular route or path around the stone circles.

The map uses various colors (orange, green, blue) to distinguish between different areas and features, and includes a legend and scale information.

The map shows a road network with several segments highlighted by colored lines:

- Red Line:** A short segment near the top center.
- Blue Line:** A long segment running vertically down the center of the map, labeled "NEW ROAD" at the top.
- Cyan Line:** A segment at the top right labeled "Birchwood".
- Yellow Line:** A segment at the bottom right labeled "Birchwood".
- Green Line:** A segment on the left side labeled "NEW RETAIL PLAZA".
- Orange Line:** A segment on the left side labeled "HORSES".
- Light Blue Line:** A segment on the right side labeled "Birchwood".
- Light Green Line:** A segment on the right side labeled "West".
- Dark Green Line:** A segment on the right side labeled "East".

Other features include a large parking lot on the left, residential areas on the right, and a bridge or overpass at the bottom center.
