

Distinctive Tree Permit Application

Barcode

Distinctive Tree Permits are required to remove trees that are 50 cm or greater in diameter, on private property 1 hectare or less in size, or condominium and multi-residential properties of any size, within the urban area, as per the Tree Conservation - Urban By-law No. 2009-200.

I (First and Last Name)

as the

- owner/tenant
- arborist (the Arborist Report must have owner/tenant signature to provide permission to the arborist to act as the Applicant Agent)

• Please note: the application fee invoice will be sent to the applicant listed above.

wish to apply for a distinctive permit to remove distinctive tree(s) at the following property:

Address:

City:

Province:

Postal Code:

Telephone:

Email:

In order to obtain a Distinctive Tree Permit, the City requires third party verification by an Arborist justifying tree removal through the submission of an Arborist Report. The Arborist Report shall be in the format of the City of Ottawa Arborist Report Template.

An Arborist Report is not required for this application if you are applying for a building permit at this address for a new single, semi, duplex or triplex within the greenbelt area of Ottawa.

- Yes, I am applying for a Building Permit for a new single, semi, duplex or triplex within the greenbelt. No Arborist Report is submitted as part of this application.
- No, there will be no Building Permit for a new single, semi, duplex or triplex and an Arborist Report is attached.

Submission Requirements:

- 1 arborist report (only if no building permit application)
- Applicable fee of \$100 (non refundable)
- Arborist report consent section is signed by the homeowner if applicant is not the former.
