Definition of 'Ready'

In determining 'readiness' to move from a supportive housing provider to non-supportive social housing a number of factors must be considered by the supportive housing provider prior to referring the tenant for the local priority.

These factors must include, but are not limited to, the following:

- ❑ The tenant has clearly identified an interest in moving into permanent non-supportive RGI housing. Either the tenant or the supportive housing provider can initiate the discussion.
- ❑ The tenant has the financial means and ability to pay rent.
- ❑ The tenant either currently does not need any supports to move on and maintain housing, or if some supports are required to assist the tenant in maintaining housing, the tenant will be accessing "portable supports" arranged by the time the tenant is housed.
- ❑ The tenant either currently has the life skills to maintain a home, or the tenant will be accessing "portable supports" arranged by the time the tenant is housed, in order to maintain housing.
- ❑ The tenant must be able to meet all the requirements on the referral form *Local Priority – Graduates of Supportive Housing for Rent Geared to Income Housing*.
